OVERCOMING SINS OF THE LAND

Continuing from the last issue...

At home society blathers about others, while here nobody cares. A few areas of downfall are highlighted here.

Covetousness is a major aspiration of many migrants in the West from the East. The perceptibility for survival is hardly meditated. This leads to the unsolvable vexation of dreams. If one is not cognisant, the devil starts entering life resulting in addiction of all kinds, which is legally permitted in a foreign land. These evils will grow due to the fearless social environment of abandonment. Surprisingly, here there is no gender barricade. Even young girls from the East are becoming victims of harlotry due to the money crunch. How heinous becomes the life pattern in pursuit of the wrong stimulus of life! The Holy Bible teaches that "All have sinned..." Rom 3:23. One needs to understand the difference in the inherent nature of sin and the adoption of habitual sin. Sin never penetrates, unless it is permitted by self due to a defiled environment. Man is a spiritual being, therefore the supreme spiritual law is "Man has to die once and will have to face judgment" Hebrews 9:27. This divine process is inescapable.

There are two kinds of sinners. One who lives with a habitual sinful lifestyle and the other lives without sinful habits. In the sight of Holy God both are sinners and are heading for the eternal judgment of punishment of sins. Only the Son of God, Lord Jesus Christ has the "authority to forgive sins" Mark 2:10.

Lord Jesus loves the human race because God is a Spirit, and man is His spiritual creation.

Sin separates God and man. Can a sinner escape eternal separation from God? Compassionate God welcomes both sinners, habitual as well as natural, because of His love. The Holy Bible says "God is love" 1 John 4:8. As per God's immense grace, a door of repentance is opened for all. God demands repentant life and the cost of commitment. One who wishes to change the course of life needs to repent and ask forgiveness from the Holy God with faith. This decision creates dimensions of eternal life creating relation with a Holy God. To overcome sins of the land, the Holy Bible explains Holy culture for any human being and not the culture created by any human being.
